

Bay TV Clwyd
Chris Johnson

Dear Sirs,

I write on behalf of Bay TV Clwyd which has been awarded a licence for an LDTPS channel and is scheduled to commence broadcasting in April 2016.

We prefer Option 2 as outlined in the consultation issued on 16th December 2015.

We agree with Digital UK's recommended proposal to allocate LCN 7 to BBC Alba and Channel 4 (Wales) and to extend the Local TV reservation at LCN 8 for all Local TV services.

In our opinion it is advantageous for all Local TV services to be at a single channel number and, since the majority are already at LCN 8, it makes sense for the remainder to join them at that position, rather than allocating a different LCN in two of the four nations.

We consider it will be particularly advantageous for Bay TV Clwyd to move to LCN 8 rather than LCN23 which has previously been allocated to the channel.
